Summary

Cisco Talos Intelligence Group drives impactful software engineering solutions, where contributions focus on building and refining applications using Ruby on Rails, and JavaScript. Collaborations emphasize crafting scalable and efficient frontend systems to enhance end-user experiences.

With over three years in software engineering at Cisco Talos, efforts center on delivering high-quality code and supporting team objectives through technical expertise in Ruby-based frameworks. Motivated by a commitment to innovation, the goal is to enable secure, user-friendly platforms that meet evolving organizational needs.

Experience

Cisco Talos Intelligence Group

5 years 4 months

Software Engineer

February 2022 - October 2025 (3 years 9 months)

Fulton, Maryland, United States

At Cisco Talos Intelligence Group, I focused on building and maintaining applications that empower analysts to identify and categorize potential threats. My role involved enhancing the efficiency of tools used for analyzing malicious files and assessing domain reputations, contributing to a safer digital environment for customers.

Frontend Engineer

July 2020 - January 2022 (1 year 7 months)

Nashville, Tennessee, United States

180 Health Partners

Software Development Engineer

May 2019 - April 2020 (1 year)

Franklin, TN

Ramsey Solutions
Contract Software Developer
March 2018 - April 2019 (1 year 2 months)

Metova, Inc.
Software Developer
January 2016 - March 2018 (2 years 3 months)
Franklin, Tennessee

Reax.io
Web Developer
September 2015 - December 2015 (4 months)
Nashville

Nashville Software School
Apprentice Developer
January 2015 - June 2015 (6 months)
Nashville, TN

Since January of 2015 I have spent 40 hours a week at Nashville Software School building web applications from both a front-end and back-end perspective. We have used HTML, CSS, JavaScript and the Angular framework in the front-end and Ruby and the Rails framework in the back-end.

Maduro Cigar Bar & Lounge
Bartender/Server
April 2014 - September 2014 (6 months)
cookeville, tennessee

mixing drinks, recommending cigars, and instructing customers on proper cutting and lighting techniques.

GameStop
